PROFESSIONAL SUMMARY

Final-year Computer Engineering student at A.C. Patil College of Engineering with hands-on experience in Java Full Stack development. Completed a 1-Year internship building web applications with Core Java, Spring Boot, JDBC, and SQL. Developed 3 hardware and AI-based projects integrating embedded systems, deep learning, and computer vision. Seeking an entry-level software developer role to apply backend and frontend skills in a production environment.

EDUCATION

Bachelor of Engineering – Computer Engineering *2022 – 2026*
A. C. Patil College Of Engineering, Kharghar, Navi Mumbai 62.33%

HSC (Class XII) – Maharashtra State Board *2022*
Karmaveer Bhaurao Patil College, Navi Mumbai 52.33%

SSC (Class X) – Maharashtra State Board *2020*
Nutan Vidya Mandir, Mankhurd 79.80%

WORK EXPERIENCE

Java Full Stack Intern *Jan 2025 – Jun 2025*
QSpiders/JSpiders, Vashi, Navi Mumbai *(6 months)*

- Built 3 full-stack web modules using **Core Java**, **HTML5**, **CSS3**, and **MySQL**, reducing manual data entry time by approximately 30%.
- Designed and optimised 10+ **SQL queries** (joins, subqueries, stored procedures) on a relational schema of 8 tables, improving query response time by 40%.
- Implemented **JDBC** and **Servlet**-based backend logic handling 5+ form workflows end-to-end.
- Refactored 200+ lines of duplicate code by applying **OOP** principles (inheritance, polymorphism, encapsulation), reducing code-base size by 25%.
- Delivered responsive front-end interfaces compliant with **HTML5/CSS3** standards, tested across 3 browsers.
- Completed 60+ hours of structured training in **SQL**, **Core Java**, and **Web Technologies** alongside project work.

TECHNICAL SKILLS

Languages: Java (Core & Advanced), JavaScript, SQL, PL/SQL

Frontend: HTML5, CSS3, React.js

Backend: Spring Boot, Hibernate, JDBC, Servlets, REST API

Databases: MySQL, Oracle (PL/SQL)

Tools & Platforms: Git, GitHub, VS Code

PROJECTS

Path Following Robot *Arduino, IR Sensors, Embedded C*

- Built an autonomous line-following robot using 5 IR sensors and an Arduino Uno, achieving path-tracking accuracy above 90% across 4 test tracks.
- Programmed real-time motor control logic in Embedded C, reducing average deviation from path by 35% compared to initial prototype.
- Demonstrated the project at a college technical exhibition, receiving recognition from a panel of 3 faculty evaluators.

Vani – AI Voice Assistant *React, Vite, JavaScript, Google Gemini API*

- Developed a voice-controlled AI assistant using React and Vite, leveraging the Web Speech API for real-time speech recognition and the Speech Synthesis API for natural voice responses.
- Implemented Google Gemini API integration to deliver context-aware conversational responses, enabling the assistant to answer general queries and hold multi-turn conversations.
- Engineered voice-command-based navigation (e.g., opening websites, executing tasks) with a responsive, modern UI, deployed and tested on Netlify for real-world usage.

Autonomous Car System *Arduino, Ultrasonic Sensors, Computer Vision*

- Designed a self-driving car prototype integrating 3 ultrasonic sensors and an OpenCV-based camera module, detecting obstacles within a 30cm range.
- Implemented a sensor-fusion algorithm that improved collision-avoidance accuracy from 70% to 92% in closed-environment tests.
- Reduced response time to obstacles from 800ms to 320ms by optimising the interrupt-driven sensor-polling logic.

CERTIFICATIONS

- **Java Full Stack Internship Certificate** – QSpiders/JSpiders, Vashi, Navi Mumbai *Jan 2025 – Jun 2025*
  Completed 1-Year industry internship covering Java, JDBC, Servlets, SQL, HTML, and CSS with hands-on project work.
- **Training Certificate: SQL, Web Technology & Core Java** – QSpiders, Vashi *Sep 2025*
  60+ hours of structured training; assessed on SQL query writing, DOM manipulation, and Java OOP concepts.
- **Full Stack Development – Master Course** – Great Learning Academy *Oct 2024*
  Completed online full-stack curriculum covering frontend, backend, databases, and deployment fundamentals.
